MEMO

To: All parents of students studying in Chapslee School, Shimla.

The advent of the Covid 19 pandemic is unprecedented and we at CHAPLSEE SCHOOL appreciate the measures taken by the State Government for imposing lockdown for containing the spread of the disease which has most certainly resulted in financial hardship for many. Under these circumstances, the school has done its best to meet its dual obligations to ensure that firstly and most importantly, the education of the children should not be interrupted and secondly that the teachers and subordinate staff are paid their full salaries inspite of the non-receipt of fees during the first 5 months of the academic session.

As per the guidelines of the Department of Education Govt of HP the school has deferred the annual charges and only tuition fee is being charged for the lockdown period. A link has been sent to the parents through SMS. Fees may be paid online using that link or by cheque.

Further, Parents who are unable to pay quarterly instalment of fee may deposit the fee on monthly installments or as per their convenience. Such parents are required to contact the school office.
